1-800-565-8735

info@outbackteambuilding.com

How does it work?

- All participants log into a video conference (Zoom, TEAMS, or other preferred platform). They listen to the introduction and instructions from our live Event Manager over the video feed.
- They are then be put into teams of 3-8 to work together over another video feed (or Zoom breakout room) to complete the challenges.
- One team captain from each team will download the app to put all their answers through.
- The Event Manager will then do a virtual wrap up with all participants announcing the winning team and the correct answers.

Virtual Team Pursuit

Get your remote team together to compete in a series of online mental, physical, skill, and mystery challenges. One of our most popular team building activities is now available in a virtual format for remote workgroups.

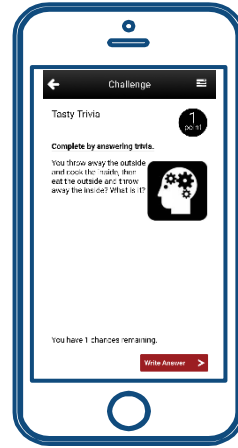

Example Team Pursuit Challenges

Your group will have the chance to complete up to 80 challenges, such as:

YOGA POSE

Who does yoga? Snap a photo of them completing this yoga pose by balancing on their hands.

TASTY TRIVIA

What do you throw away the outside and cook the inside, then eat the outside and throw away the inside?
